TEN CENTS A WEEK

80 JEWS MASSACRED

Jewish Feast Turned Into Mourning at Kishinev, Russia.

HOODLUMS ATTACK GHETTO

Shops and Houses of the Jews Were Looted by Bloodthirsty Mobs—Rioters Abandoned Themselves to Indiscriminate Rapine.

Vienna, Sept. 13.—Another massacre of Jews took place on the Jewish New Year in Kishinev. Armed gangs of hoodlums attacked the ghetto there as they did in 1906.

Eighty Jews were killed and many more wounded. As usual, the authorities made no attempt to stop the program or protect either the lives or property of the Semites. The shops and houses of the Jews were looted by the bloodthirsty mobs, and many of the victims were killed or wounded seriously.

The outbreak of anti-Semitism has been brewing for several days. Aroused to fury by bigoted ringleaders, the hoodlums pillaged and killed right and left. The stores of the Jews were first pillaged and their owners struck down whenever they resisted. When they learned that there would be no interference by the authorities the rioters abandoned themselves to indiscriminate rapine.

The Jews barricaded themselves and their families in their houses and fought back the rioters as long as they were able, but in many instances they were overpowered and paid the penalty with their lives.

Women and children were attacked unmercifully, and many outrages against young girls were committed.

Appeals for protection from the Jews were unheeded by the authorities until nightfall, when patrols were tardily stationed in the streets of the Jewish quarter.

Many Jews fled from the city and sought to cross the border into Roumania, but they were stopped there by the Roumanian guards, who would not permit them to enter the country.

COURIER-JOURNAL HAS FIRE.

Flames for a Second Time Break Out—Damage \$25,000.

Louisville, Ky., Sept. 13.—Fire which broke out late Wednesday afternoon for a second time, endangered the plants of the Courier-Journal and the Times, threatening to destroy that portion of the Courier-Journal office building left intact after the disastrous fire of ten days ago.

The fire was brought under control with a loss estimated at \$25,000.

The Times was forced to abandon its last edition. The editorial rooms were rendered untenable, but the press room and composing room, although partially flooded, will be used to get out the regular issue of the Courier-Journal.

The origin of the fire, which, like the first one, broke out on the top floor of the building, is unknown.

HISTORY REPEATED.

Poor Nurse Wedded to the Rich Patient Whom She Attended.

New York, Sept. 13.—After three months' of daily association, she as nurse and he as patient, Miss Essie Wright, nurse in the general hospital at Elizabeth, N. J., and Alexander Miller, a wealthy iron contractor of this city, have been married.

Miss Wright was introduced to Miller three months ago, when he was carried to the hospital from Rahway. He had climbed to the second story of a building in process of construction, but missing his footing, had fallen, striking his leg as he descended. The leg was not broken, but was so badly bruised that he was sent to the hospital.

For Congress from the Fifth.

Atlanta, Sept. 13.—James L. May, city attorney of Atlanta, announces that it is his intention to make the race for congress to succeed Congressman Livingston, who has for many years represented the capital city district in congress.

FIRE ON THE INDIANA.

Big Battleship Narrowly Escaped Destruction—Bravery of the Crew.

Washington, Sept. 13.—The navy department has made public the fact that, through a fire in her coal bunkers on the morning of September 5, the battleship Indiana, now undergoing repairs at the League Island navy yard, narrowly escaped destruction. The ammunition in the adjacent magazines, being safely removed only through the exhibition of the greatest courage on the part of the officers and crew.

No damage resulted from the fire, which was caused by spontaneous combustion of coal. The work of removing the ammunition from the adjacent twelve and six-inch gun magazines was, according to the report, proceeded with quietly. The two magazines and the shell rooms became dangerously heated and were flooded to a depth of twenty inches.

Lieutenant Commander J. L. Slicht directed the fire party consisting of Gunner L. Behull and nine men, who entered the magazines and removed the ammunition. The six boxes nearest the bulkhead were so hot as to be handled with difficulty, while the bulkheads and 13 inch shells were so hot that they burned the hands and blistered the paint. The coal on fire was flooded until the temperature dropped to normal.

Those who entered the magazine were complimented for bravery by the commanding officer.

CLASH DUE TO STRIKE.

Five Trolley Car Men Are Wounded at San Francisco.

San Francisco, Sept. 13.—As the result of a clash between the police and the non-union men at work on the street cars, five of the latter were wounded and are now in St. Luke's hospital.

The trouble occurred when a wrecking car of the United Railroads with 15 men was approaching the car barn at the corner of Utah and Twenty-fourth street. As the car was passing a tent occupied by union pickets stones were thrown at it and shots were fired by some of the car men, but none were hit.

The car continued on its way to the barns, where the crowd had assembled. Some of the men alighted and the trouble began.

Policemen L. Wade, J. Miller and A. Birkel appeared on the scene and ordered the men not to shoot. It is said that this command was disregarded, whereupon the police used their revolvers, five of the car men being wounded. The union pickets who occupied the tent where the disturbance began, say that they were informed that a wrecking crew was going to make an attack on them at the time the car approached.

Western Union Declares Dividend.

New York, Sept. 13.—The board of directors of the Western Union Telegraph company has just declared the regular quarterly dividend of 1 1/2 per cent on the capital stock and adopted the resolutions passed by the executive committee endorsing and approving the conduct of the strike by President Cleary and the officers. No statement of the earnings for the quarter, usually issued after the quarterly meeting, was given out, and the effect of the strike on the earnings was not made public.

New Bank for Macon, Ga.

Macon, Ga., Sept. 13.—According to statements made by prominent business men, Macon is to have a new national bank, if a project now under way can be brought to materialize in a satisfactory manner. The capital proposed will be \$250,000. Broadus E. Willingham, president of the Willingham Cotton mills, of this city, has been asked to head the new institution, but will probably not serve on account of his many pressing duties as a business man.

Cuddey Packing Plant Burns.

Philadelphia, Pa., Sept. 13.—A large plant of the Cuddey Packing company, at Ninth street and Guard avenue, burned Wednesday. The loss is about \$200,000. Most weighing 250,000 pounds was destroyed. The fire is believed to have been caused by a spark from a passing locomotive.

HE MAY OPPOSE CLAY

Senatorial Bee Buzzing in Bonnet of Gov. Hoke Smith?

MAY ANNOUNCE BEFORE LONG

Probability that the Georgia Chief Executive Will Offer for the Senate Has Been Matter of Political Speculation for Some Time.

Atlanta, Sept. 13.—Will Governor Hoke Smith oppose Hon. A. S. Clay for the United States senate next year?

This is a political topic which is being made the subject of very lively discussion by those who heard the governor's political address at Sparta on Tuesday, his first public address since his inauguration as governor. The belief is growing that he will aspire to fill Senator Clay's seat.

The probability of Governor Smith offering for the senate has for several months been a matter of political speculation in Georgia. Various incidents have furnished corroborative evidence that tended to confirm this

GOV. HOKE SMITH.

belief. Several random expressions uttered by Governor Smith in conversation with his friends and quoted later by them, have created the belief that he really covets a seat in the senate.

Monday evening on board the Central train on which the governor's party made the trip from Atlanta enroute to Sparta, where Governor Smith was scheduled to deliver an educational address, a crowd of supporters sought a definite expression from the governor as to his future political plans and whether he would run for the senate. In reply to them he said:

"I may give Senator Clay a chance to show whether he can beat me."

This was taken to mean that he will definitely announce within the next few months. Nothing further was said on the subject, but those who heard the admission, felt there was no doubt he would make the race.

Fell 90 Feet to Death.

Savannah, Ga., Sept. 13.—George Dixon, a negro, fell 90 feet to death from the rigging of the schooner Josephine Wednesday morning. Dixon was sent aloft to repair some of the rigging of the schooner, which is discharging coal, and in some manner he missed his footing and fell. Some of the men on the schooner heard his cry as he started to fall and looking up saw him with outstretched arms, trying to grab something to save himself. He was unsuccessful and a moment later was mashed to death in an almost shapeless mass on the deck of the vessel.

Consternation in Berlin.

Berlin, Sept. 13.—An insane man named Lolsky, arrested on suspicion that he was the "Kipper," who murdered several school girls recently, has escaped from the observation ward of the prison hospital. The news of his escape created consternation, and the fear prevails that fresh crimes will be perpetrated.

NEW RATES HELP MILLS.

Will Also Encourage Erection of New Factories in Alabama.

Montgomery, Ala., Sept. 13.—It is of interest to the cotton growers of the state and the mill men as well that the new rate on cotton to Alabama mills will in all likelihood have a tendency to encourage the erection of factories in the state.

It is estimated that it will result in a saving of about 25 cents on each bale, which, on 250,000 bales used every year in the state, will mean a great deal to the profit account.

This will be one of the features of the situation looked after in special way by the Alabama railroad commission in order that the mills of the state may have every advantage in the use of Alabama cotton, the impression being that this will result in the enhancement of the price of cotton raised in the state and at the same time make it possible for Alabama mills to meet competition with other states. As it is now, Alabama will be as well set up as any of them.

At the meeting of the railroad commission next Monday the question of rates to and from the cotton mills of the state will be taken up and an effort made to work it out to the best interests of all. Clerk Kennedy is of the opinion that the question is one of the most important in the state at this time. He thinks it will bring out a great deal of discussion.

WILL INCREASE PAYROLL

Prohibition Contests Will Raise the Amount Very Materially.

Montgomery, Ala., Sept. 13.—The many prohibition contests that are set out for the coming year and the renewed interest in public affairs at this time will, in the opinion of the officers of the state, bring out a large poll tax vote, probably much larger than that of the current year.

For last year the total was \$102,000 and for the year before \$117,000.

It is thought that the next round will show a larger increase in the prohibition fights than are anticipated and there will be an effort to qualify every voter to cast his ballot.

T. D. Power, representative in the legislature from Lee county, who has been in the city this week, says that the county will go for prohibition when the vote is taken. He thinks that the sentiment is very much in favor of ousting the traffic.

TO STUDY AMERICAN COOKING.

Royal Chef Will Be Taught to Make Buckwheat Cakes and Flapjacks.

New York, Sept. 13.—American cooking is held in such high esteem by the Crown Princess Cecilia of Germany, that she has sent her chef here to study its mysteries. Albert Neumann is the chef and he was the passenger on a recently arrived steamer. Thursday he began his observations ashore at the Hotel St. Regis.

Pies and cakes, according to the manner of the United States, will receive special attention from this expert, and he has also heard that the buckwheat cakes and the flapjacks of good wheat, are appetizing breakfast dishes. Above all, this wizard of the saucepan wishes to inform himself thoroughly on all the American methods of preparing oysters and clams.

Lumber Mill Is Destroyed.

Albany, Ga., Sept. 13.—Fire on Thursday morning destroyed the smaller of the two lumber mills of the Red Cypress Lumber company at Pretoria, in this county. The cypress mill was not damaged, and its operations will not be interrupted, but the pine mill was completely destroyed, together with a considerable quantity of lumber. The loss is \$15,000 and is protected by insurance to the extent of three-fourths that amount. It is understood the mill will be rebuilt.

Moors Put to Flight.

Casa Blanca, Sept. 13.—The allied Franco-Spanish army made a sudden and successful move on Taddert, at which place the Moors were massed in force. The camp of the latter was destroyed and the enemy was put to flight, leaving many dead on the field. The French troops lost one man killed and six men wounded.

ANTI-ASIATIC RIOTS

Vancouver Unionists Oppose Japs and Chinese Landing.

MORE TROUBLE IS BREWING

Anonymous Letter Has Warned All Japanese and Chinese in Bellingham, Wash., to Leave the Place at Once—Japs Arm Themselves.

Ottawa, Ont., Sept. 13.—Advices from Vancouver, the scene of the recent race riots, states that the mayor of Vancouver has warned the captain of the steamer Mont Eagle, which has on board fourteen Japanese, 149 Chinese and 941 Hindus destined for this port, that he would be unable to guarantee a safe landing here because the unionists have expressed their determination to resist the immigration of any more Asiatic laborers.

The steamship authorities feared to assume the risk and the vessel has been turned back to Victoria, where the Asiatics will be landed.

Vancouver is reported as being comparatively quiet, but an outrage by two Chinamen Wednesday has again inflamed the people. The Mongolians while passing along one of the main streets saw a white baby sitting on a doorstep. They snatched it up and threw it into the middle of the street, which was busy with traffic. It fell among the horses' feet and narrowly escaped death. Beyond being bruised, it was not much the worse.

An angry crowd started in pursuit. The Chinese had a good start and succeeded in escaping. The fact that no arrests have been made has not tended to allay the temper of the people.

The city council has passed a by-law prohibiting a wrestling match which was to have taken place between a white man and a Japanese. The entire Japanese colony bought tickets for the encounter and trouble was threatened.

Japs Will Resist.

Bellingham, Wash., Sept. 13.—An anonymous letter received here warns all Japanese and Chinese in this city to leave at once. Japanese working at the canneries are armed and say they will resist any attempt to force them out of town. The Chinese, however, will not make a strong stand.

E. B. Deming, general manager of the Pacific-American Fisheries, says if the Orientals leave, the salmon canning industry is doomed, as the Japanese are being persuaded to affiliate with the labor unions.

UNSGOUND, MENTALLY.

Daughter Brings Proceedings Against Her Father, Ed Vanderbilt.

New York, Sept. 13.—Edward W. Vanderbilt, the aged retired merchant of Brooklyn, who married May E. Pepper, the spiritualist medium, is incapable of managing his affairs because of lunacy, according to a verdict returned by a sheriff's jury on Brooklyn Thursday.

The proceedings to have Mr. Vanderbilt declared incompetent were brought by his daughter, Miss Minerva Vanderbilt, after Mr. Vanderbilt had married Mrs. Pepper several months ago, and had given to her a large portion of the real estate which he owned in Brooklyn, including the house in which they lived.

A brother and sister of Mr. Vanderbilt subsequently joined her in the appeal to the courts.

The hearing was held before a commission consisting of a physician, a lawyer and a banker.

Blacksnake Whip for Wife Beater.

Shelbyville, Ind., Sept. 13.—In the case of Edward Neal, charged with whipping his wife, Mayor Swain suspended sentence upon a plea of guilty, but ordered the police to take Neal to the basement of the city building and give him as many licks with a blacksnake whip as he had given his wife with his fists. The officers complied with the demand, and Neal's entreaties for a cessation of "hostilities" could be heard several blocks away.

COMMISSION QUIT INVESTIGATION JOB

Important Witnesses Who Could Throw Light on Subject

ARE OUT OF THE STATE

Four Witnesses, Three of Whom Were Former Members of the Board of Internal Trustees, Have Given Commission 23—Will Close up Soon.

Hon. Syd L. Carter, member of the Internal Improvement Fund investigating committee who has been in Tallahassee for the past few weeks at work with the other members of the commission on this special work, has returned to his home in this city.

Judge Carter was sought by the representative of The Sun to ascertain if possible why the commission had virtually quit their assignments without making a final report. He found the genial Judge in his usual good humor, with his feet cocked up a few inches above his head reading a newspaper, and was cordially welcomed.

When the mission of the visit was

explained, and Judge Carter was asked to explain why the commission had so suddenly quit without making its final report, Judge Carter said:

"The work of the commission is practically finished. The report was not closed and filed on account of absence of three or four former trustees, the testimony of whom it was deemed necessary to secure in order to make the investigation complete. These gentlemen are absent from the State and as soon as they return the testimony will be completed, and the testimony and report will be closed up in a day or two."

Judge Carter would not say anything further than the commission would meet as soon as the absent witnesses would return, and were willing to give their testimony. He would not divulge their names, but it is known that former Governor Bloxham, former Governor Fleming and Congressman Lamar, and Col. Samuel A. Swann, for many years State selecting agent of the State lands, are out of the State, and that the commission is waiting for their testimony. The three former were members of the board of trustees.

Colson Attends a Picnic.

Tax Assessor W. W. Colson has gone to Gulf Hammock, where yesterday he attended a big barbecue and fish fry. This function was held in the interest of good roads, good government, etc., and was no doubt largely attended, as the people of Levy county are deeply interested at this time in hard roads, having caught the fever. They already have one of the most consistently governed counties in Florida; hence it is needless to advocate that measure further, but the good people who were promoters of this enterprise called it a good roads and good government meeting.

Mr. Colson is possessed of that genial disposition which will always make friends and make him feel at home, hence it is needless to assure his friends that he enjoyed the day.

A Delightful Surprise.

There was a delightful surprise party Thursday evening, when friends of Mr. and Mrs. E. M. Weston visited the home of L. L. Hill, North University street, where Mr. and Mrs. Weston are residing.

Notwithstanding that the occasion was one of surprise, Mr. and Mrs. Weston were equal to the occasion, and appreciated the visit of the fifteen young people who came to pay their compliments.

The evening was passed in a manner appropriate to the occasion, and incidentally refreshments were served, which were greatly enjoyed.

DEATH BY ACCIDENT.

Mrs. J. B. Chapin Met Death in Automobile Accident in Lynn, Mass.

The many friends of Mrs. J. B. Chapin of Lynn, Mass., will be pained to learn of her death on the 12th inst., as the result of an automobile accident.

Mrs. Chapin visited her husband's family here, Dr. and Mrs. Chapin, in the winter of 1904-5, and made friends of all who met her.

The sympathy of all who knew and loved her goes out to the family in their sorrow.
